## Creating Your Ads

### Adobe InDesign is recommended

- All colors must be CMYK. Convert all RGB and spot colors to CMYK.
- Make sure all images are Hi-Res, 300 DPI, TIFF or JPG format.
- Logos should be AI or EPS format with text converted to outlines or a Hi-Res, 300 DPI, TIFF or PNG format.
- Borders and rules directly on trim is not recommended

### Templates

Download free templates at:

## Creating Your PDF Files

- Use **PDF/X-1A Standard** setting
- Do NOT include any marks such as crop or registration
- Select "Use Document Bleed Setting"

## Submitting Your Ad Files

Due to their large size. Please do not email your ad to Coastal Bend New Homes:

- Request a private folder from us at [info@acrossmediamarketing.com](mailto:info@acrossmediamarketing.com) and we will email you a Dropbox link to upload your final ad.
- Alternatively, you can share your own link to the ad with us
- Submit the final Hi-Res PDF ONLY. We do NOT accept live files such as the InDesign or Photoshop file.
- PDF must meet PDF/X-1A Standard.

*There is an alteration fee for ads not provided per the mentioned specifications. Coastal Bend New Homes is not responsible for reproduction of ads if they do not meet the above specifications.*
